

Introduction

X-431 Euro Pro4 Lite, is a light version of current best selling our diagnosis product Euro Pro 4. It consists of the Euro Pro 4 tablet, VCI DBScar V, and 1 year free software update.

It will be used to trade-in the old X431 tools in the market, in order to upgrade the old tools, especially for the X431 Pro before Version 2016, and non-official version or other multibrand scanners. It will provide the Launch customer the latest diagnosis technology at affordable cost. Customer just need fill in the Trade-in Register Form, and give back Launch the VCI of old tool, and can still use the connectors from the old tool.

From January, 2020 the X-431 Euro Pro4 Lite also is available for sale without Trade-in. Please contact your distributor for more information.
